

## Saxton Middle School Principal's Message

Dear Parents/Guardians and Students,

I am honored to serve the Saxton Middle School students, family and community. As we develop our web page, we will constantly be updating our information to make it readily available to everyone. Please visit our web site and mark it as one of your favorite sites.

Our current 2009-2010 enrollment is at 780, with students in grade six through eight. Our professional staff offers a wide array of challenging and exciting programs for all students. Our students can be involved in accelerated academics, interscholastic athletics, activities, clubs, musical groups and special events.

Success comes when the students, parents, teachers and administrators work together. Your input is necessary and important to us. Please visit our school and remain in close contact with your child's guidance counselor, teachers and administrators.

Your phone calls are always welcome and if e-mail is easier for you, please forward your concerns to me at [msanzone@pmschools.org](mailto:msanzone@pmschools.org)

Our goal is nothing but the best for your child. Excellence is our Expectation. We will work as hard as we can for success and nothing less.

Sincerely,  
Manuel Sanzone  
Principal
