To the Board of Education
Patchogue-Medford Union Free School District

Report on Compliance for Each Major Federal Program

We have audited Patchogue-Medford Union Free School District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Patchogue-Medford Union Free School District's major federal programs for the fiscal year ended June 30, 2015. Patchogue-Medford Union Free School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Patchogue-Medford Union Free School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Patchogue-Medford Union Free School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Patchogue-Medford Union Free School District's compliance.

Opinion on Each Major Federal Program

In our opinion, Patchogue-Medford Union Free School District, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the fiscal year ended June 30, 2015.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying schedule of findings and questioned costs as item #2015-001. Our opinion on each major federal program is not modified with respect to these matters.

Patchogue-Medford Union Free School District's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Patchogue-Medford Union Free School District's response was not subject to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of Patchogue-Medford Union Free School District, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Patchogue-Medford Union Free School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Patchogue-Medford Union Free School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist there were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a certain deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item #2015-001 that we considered to be a significant deficiency.

Patchogue-Medford Union Free School District's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Patchogue-Medford Union Free School District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the governmental activities, each major fund, and the fiduciary funds of Patchogue-Medford Union Free School District, as of and for the fiscal year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise Patchogue-Medford Union Free School District's basic financial statements. We issued our report thereon dated September 29, 2015, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Significant Deficiency

Criteria: According to 7 CFR 245.6a – *Verification Requirements*, the District is required to verify the free and reduced price eligibility of households selected from a sample of applications that it has approved on file as of October 1st. The District must also make the appropriate modifications to eligibility status, based on the verification results.

Condition: We noted 1 out of 8 income verifications sampled out of 29 that were verified, resulted in a change in eligibility status, however the District did not change the status as a result of the verification activities.

Cause: Although the District used software to enter the income into and determine the status, the net pay instead of the gross pay that was provided by the applicant was entered, to determine the eligibility.

Effect: The District allowed that applicant to continue to receive free meals when the income support provided supported reduced meals instead.

Recommendation: We recommend the results of the verification are reviewed to ensure any changes in eligibility status are made correctly and only eligible families are receiving free or reduced meals, to be in compliance with federal regulations.

District's Response: In order to ensure that the Food Service Director clearly understands the verification process, the Internal Claims Auditor and District Accountant will review the verification process with the Food Service Director. Furthermore, they will review the income verification sample of the 29 applications that the auditors reviewed for the 2015 audit. They will review each application with the Food Service Director to ensure that the process is clear. They will also review the sample for the next verification process in October 2016 before any adjustments are made to the applications.
