Attendance Requirements For Course Credit (Grades 9 – 12)

The Board of Education recognizes an important relationship between class attendance and student performance. Consequently, each marking period a student's final grade may be based on classroom participation, student's performance on homework, tests, papers, projects, etc. For a half year course, a student may not miss 14 or more class periods or be subject to audit status. For a full year course, a student may not miss 28 or more class periods or be subject to audit status.
