

Guidance Counseling Services

Director - Michael Zanfardino - (631) 687-6530 – mzanfardino@pmschools.org

Counseling Department: (631) 687-6530

Guidance counselors are the most important person in a student's high school career. Counselors are available to assist students with their high school concerns, as well as to discuss career planning and college placement. Students wishing to speak to their counselors should obtain a pass in the counseling office, complete it, and place it in the grade level boxes available. Requests are returned by the next school day with a scheduled appointment. Appointments involving the presence of a particular teacher may only be scheduled when the teacher is not in class. Please visit our Counseling Department page throughout the school year for updates at <https://www.pmschools.org/domain/132>.
